

International In-Service Training

Sawgrass Marriott
Ponte Vedra Beach, FL

June 26-30, 2023

THE INTERNATIONAL ASSOCIATION OF BOMB TECHNICIANS AND INVESTIGATORS

Dedicated to the advancement and development of the EOD community.

**We train
together to
make each
other better!**

YOU BELONG HERE

LEARN, EXPLORE, *and* CONNECT

So much more than render safe! Hands-on, practical training is critical to the job of a bomb tech, but the how and why, the background knowledge, learning about the challenges and successes of your colleagues are just as important. Are you an explosives or post-blast investigator? This event will give you a new perspective. Attend the post-blast item recognition workshop, or the presentation on blast threats, interact with international experts and hear about current trends. At no other explosives event will you have access to career pathways, professional development, research, and networking.

IABTI In-Service Training includes lecture style presentations, case studies, and related workshops. We strive to ensure that all presentations are relevant. You will hear from some of the best international explosives related subject matter experts. You'll have the opportunity to meet with them afterwards to ask follow-up questions and engage. You can select the workshops that are of interest to you or do your own research on the floor of the Expo Hall.

In a world where we're bombarded by phones, texts, and email, it's disproportionately effective to connect with people face to face. Attending a relevant training and technology expo can be one of the best ways to accelerate this process, since you can meet multiple people in just a few days. Attendance at this In-Service affords you access to top experts and those with expertise in the explosive and investigative communities. It also allows you to share challenges and successes with other specialists and colleagues and to truly build those outside relationships.

PLANNED WORKSHOPS:

WHY

you should attend:

If your job involves anti-terrorism, bomb/explosives disposal, and/or explosives and post-blast investigations you owe it to yourself and to your team to continue to expand both your knowledge and your skills. Hear about lessons learned as well as current trends. Meet the experts. Participate in the workshops. Come to learn, explore, and connect.

More than 50 exhibitors showcasing their specialized tools, equipment, and services.

Come see the latest in technology, services, and training for the explosives community, all under one roof. Our Exhibitors exemplify what the IABTI stands for. We aim to foster the exchange of explosives related information and ideas, and to provide the best face-to-face networking in the industry. The personal interaction afforded by this Exposition is irreplaceable.

Come, check out the latest comprehensive collaboration of specialized technology and equipment.

Get your hands on the latest technology. Learn from those who develop, design, and maintain this equipment & tools. The opportunity to research and explore for your department is paramount and unrivaled.

- ✓ Explosives related presentations and hands-on workshops like no other.
- ✓ Largest expo of tools and equipment for the EOD community.
- ✓ Because your job is more than render safe!

Ponte Vedra Beach, FL

Old World Charm, natural beauty and was named one of the top 22 “can’t miss” beaches.

Laid-back relaxation and natural beauty await in the coastal community of Ponte Vedra Beach. As the home of THE PLAYERS Championship at TPC Sawgrass, Ponte Vedra is on the bucket list of every golfer (Tee time booking information is available under the FAQ’s online at <https://ist.iabti.org>).

With 42 miles of stunning beaches, towering sand dunes, historic attractions, sports, outdoor activities, exquisite dining, shopping, relaxing spas, and world-class golf, the options are endless in and around Ponte Vedra Beach on Florida’s Historic Coast.

More than 500 years ago, Ponce de Leon spotted beautiful, inviting beaches that drew him to shore and led to the first documented European discovery of Florida. St. Augustine, just 25 miles south, is the oldest continuously occupied European settlement in the U.S.

Experience old-world charm, flavorful dining, art and culture, and an abundance of entertainment after dark. Or, if the beach is all it takes, hop on the resort’s complimentary shuttle to explore 26 miles of private beachfront. There’s so much to do, you may want to stay one more day.
